ABOUT US

Stearinos Ltd. is a manufacturer of fragrances for home and industry.

The company was founded in 2004 in Silistra, Bulgaria, by German engineer Herbert Wittekind.

For more than 20 years, Stearinos has been present on the market with eco-friendly products.

In the early years, the company specialized in certified palm stearin candles, later expanding into water-based fragrances and other ecological scented products.

Over time, Stearinos successfully developed its expertise in the industrial aromatization sector and has more

recently entered the field of hygiene.

In the following slides, you will discover our products and our mission.
